WRENCHES

NVR have made and sold thousands of pipe wrenches all over the world. The original design has been gradually refined and improved by group of specialist consultants whose skill and experience in the art of plumbing is second to none. We call them customers.

NVR pipe wrenches are manufactured under strict control at all stages of the manufacturing processes to ensure that the pipe wrenches are of high quality and satisfy the stringent demands of the customers.

Length when open		Pipe Capacity	
INCH	MM	Nom Bore INCH	O.D. MM
8	200	.3/4	27
10	250	1	34
12	300	1.1/4	42
14	350	1.1/2	49
18	450	2	60
24	600	2.1/2	76
36	900	3.1/2	102
48	1200	5	141

Safety Measures: -

- Select a pipe wrench whose opening exactly fits the pipe.
- Do not use pipe extensions to increase the leverage of any pipe wrench.
- Never use a pipe wrench on square stock, such as pipe tap or extractor.
- Do not use a pipe wrench to bend, raise or lift the pipe.
